

## **GENERAL BEHAVIOR**

### **Gum Chewing**

Gum chewing in school is not acceptable behavior. Persistence in such behavior will be handled in the same manner as all other violation of rules.

### **Dress**

The manner in which a student dresses has an important effect upon his feeling concerning himself and his school. Students are expected to dress in a manner which would be appropriate for the community in which the school is located. Clothes should, of course, be neat, modest, and clean. Extremes in any type of clothing are not acceptable. Blue jeans, heavy boots, cleats on heels, are items of attire which have no place in Cheltenham High School. The manner in which a student dresses is the best indication of how the student feels concerning himself.
